EDUCATION

B.E Electronics and Communication

V.S.B.Engineering College

09/2023 – 05/2027

Karur

- Detail-oriented Electronics and Communication Engineering student at VSB Engineering College, Karur, holding an 8.22 GPA.
- Proven track record in both hardware design and software development through rigorous academic performance.

Higher Secondary Education (Class XII) secured 80%

Secondary School Education (Class X) secured All pass

SKILLS

Programming & CS core

- Data Structures & Algorithm
- Java
- C
- Cloud & Tools

Problem Solving

Quick Learner

Hardware & VLSI Design

- VerilogHDL
- AMD Vivado

Analytical thinking

Leadership quality

CERTIFICATES

- Java Foundation Courses
- FPGA Design with verilog
- Hardware Modelling Using Verilog
- Infosys springboard INTERNSHIP

PROJECTS

SOFTWARE PROJECTS

SENTRAA

It is an emotion-aware web platform that adapts content based on user interactions. It replaces generic responses with empathetic, personalized, and supportive digital experiences.

HARDWARE PROJECTS

Advanced Up-Down Counter Design

Designed an advanced Verilog up-down counter using the AMD Vivado FPGA flow. Completed RTL design, synthesis, XDC timing constraints, and design rule checks. Verified functional correctness and hardware utilization within a simulation-only environment.

INTERESTS

Hardware Engineering — VLSI Design, Digital Electronics, Circuit Analysis, and Microcontrollers. |

Software Development — AI-Native Engineering, Cloud-Native Architectures, and System Design thinking.

HOBBIES

- Tracking Semiconductor & Chip Industry News
- Following Open-Source Software Trends

- Tracking AI and Edge Computing Implementations
- Reading technical blogs

DECLARATION

I hereby declare that the details and credentials furnished above are authentic and accurate to the best of my belief."
